Competition News

Mid-Week Shoot

This month saw Jeff Garner and Steven Finearty shoot a Melbourne round at 50m, with Heather, Tony, Denise, Bill and Bella all competing at 20m. Bella shot the highest barebow recurve score for the day.

1st Saturday Shoot

Yann was the standout this month for the 1st Saturday shoot, posting the highest score for barebow recurve and longbow participants.

<https://archersdiary.com/ViewResults.aspx?id=0871248b9-ad1a-46c2-8c5b-0acef77b7f40>

2nd Saturday Shoot

A pretty good turnout for the 2nd Saturday shoot with 11 registered archers, but a few others shooting for practice. Jeff Green and Jeff Garner both shot different 50m rounds, Yann shot at 30m and the others at 20m. Dean Emery scored well in the 20m round with yet another new bow – a fold down longbow this time.

A good turnout for the 2nd Saturday shoot

If you are shooting recurve on the same target as a compound, make sure the compounder shoots first!

Is that called a Robyn Hood or a Maid Marion!

Paringa Clout

The clout event looked in jeopardy the day before the event with strong winds and lots of rain. Somehow the weather cleared on the Saturday to be perfect for clout.

Once again, we had a good turnout with 18 archers registered. Unfortunately, the highest scorer from the previous clout earlier in the year (name unmentioned!) got the dates wrong so 17 people took part.

Most people showed an improvement from the first clout to the second, and some good scores were posted. It is certainly a challenge shooting such long distances. The highest overall score for both clouts combined went to Jeff Green, with Jeff and Peter managing to shoot scores over 300. But then again, we were using compounds with mirror or prism sights. The highest non sighted score went to Dean Emery.

A group of happy toxophilites!

Thanks to Jacob for organising the ground for us again, for meticulously mowing that clout target with a hand mower, and for supplying some biscuits! Also, to Yann, for organising the toilet for the day.

I wonder what people driving past thought was going on here!

4th Saturday Shoot

A small contingent this month, shooting either a Newcastle at 20m or a Geelong at 30. Highest rated score for the day was Jeff Garner, followed by John Dodos and Bill Greer.

MINI FIELD OCTOBER 4th

Back by popular demand!

Yes, it's Mini-Field!

The morning session will be the regular Club Shoot (3 target ends each at 30m, 25m and 20m) but in the afternoon we'll offer our Mini-Field event (12 field targets with the option to shoot all at just 10m or a mix of 5m to 25m).

Registration for Mini-Field won't be available on Archer's Diary, so please turn up by 12:30 and we'll organise groups and have some practice with field targets. Places may be limited as we need to spread out safely on the field course and will need at least one experienced field shooter in each group. For more info check with John Dodos or Dean Emery.

The usual afternoon Flight 2 Club Shoot registration will still be available on Archers Diary but will only proceed if there's a club official available.

If you would like to contribute articles to this newsletter, please email by the last Sunday of each month to:

Social shoots

Decathlon

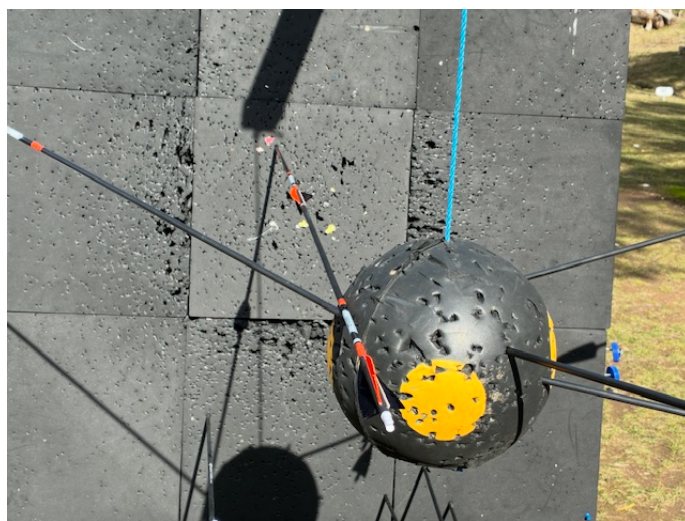

Once again there was a good turnout for the Decathlon shoot, including Peter from Loxley Traditional Archers, and new member Zachary in his very first event.

This time saw the usual array of targets, including the wand, spinning plates and 3D animals, among others. One new challenging target was the metal disk, you certainly knew when anyone hit that one!

Yet again, the hanging ball claimed a couple of arrows, but also a Robin Hood – even if the arrows just glanced the ball! I suppose that is one way of stopping the ball from moving! Good shooting Dean!

Looks like that second arrow (at top) went right through the ball to robin hood the second!

Not quite, from this angle!

First place for the day went to Dean, then Mark and Peter M in third. Our youngest shooter for the day, Zachary, shot the in the afternoon and posted a very good score for his first event – well done!

The metal disk
